After 18 eLearning**

eLearning Guide

Welcome to the eLearning course on After 18. This course is designed to introduce you to the information about working with youth after they turn 18. It will provide you with the basic information needed to understand and work with young adults who are 18 years old, and continue to receive Child Welfare services.

The legal term for this population is non-minor dependents (NMDs), however, in this eLearning we will use “young adult.” By using “young adult” we are using a “people first” language, which aims to avoid perceived and subconscious dehumanization when discussing people.

This eLearning guide was created for you to use in conjunction with the eLearning to take notes. You will bring this handout with you to the Transition Practice classroom, and you will use it to help you review for the skill-based activity.
