

## 6<sup>th</sup> Grade Jeopardy: Plant Parts

### Fruits

- 5 I am yellow and sour, but you make a sweet refreshing drink out of me (lemons)
- 10 I make the all-American pie. You find me in juice and sauce (apple)
- 15 Fuzzy on the outside and sweet on the inside, I grow on a vine (kiwi)
- 2 I am the most popular fruit in the garden. You can eat me without asking (raspberries)
- 25 Lots of people think I am from Italy, but my true home is Mexico (tomato)

### Seeds

- 5 I am a popular snack. I come from a flower you find in the garden (sunflower seeds)
- 10 After carving my outsides, you roast me with salt in the oven (pumpkin seeds)
- 15 Pinto, black and lima are a few of my names. You can't make chili without me (beans)
- 20 You might eat me shredded for breakfast. I am in all of your bread and pizza (wheat)
- 25 I can be sweet, popped or ground into flour. You might not recognize me in a tortilla (corn)

### Flowers

- 5 You eat my seed. I follow the sun. (sunflower)
- 10 You eat my black seeds on bagels. I am the California state flower (poppy)
- 15 I look like white broccoli. You might not think I was a flower except my name gives me away (cauliflower)
- 20 Some people think I look like little trees. Other people like to eat me with melted cheddar cheese (broccoli)
- 25 You eat me petal by petal. But the best part of me is my heart (artichoke)

### Leaves

- 5 You eat me in salads. Some of my names are Romaine, Iceberg, Red Leaf and Butterhead (lettuce)
- 10 I flavor your gum, toothpaste and tea (mint)
- 15 I am a popular ingredient in soul food. Many people like to cook my green leaf with pork (collard greens)

- 20 You use me in coleslaw and sauerkraut. I can be green, red or purple  
(cabbage)
- 25 I am a key ingredient in salsa. Some people call me Chinese parsley (cilantro)

### **Stems and Roots**

- 5 I am orange and crunchy and grow under ground. Bugs Bunny is a fan of me  
(carrot)
- 10 I am a deep red color that will stain your fingers. My name is what your heart  
does (beet)
- 15 I am spicy, bright red on the outside and white on the inside. You eat me  
sliced in salads (radish)
- 20 I am super sweet and come from the tropics. You find me in most desserts  
(sugar cane)
- 25 I make a delicious pie with strawberries, but alone I am sour. Eat only my  
stem because my leaves are poisonous (rhubarb)
