1. What was your **original app idea**?
2. How has your **idea changed**?
3. Who is the **USER** for your app?

A stylized illustration of a laptop. The laptop is black with a white screen. The screen displays the word "COMPUTERS" in white, bold, sans-serif capital letters. The laptop is centered against a background that is white at the top and bottom, with a solid pink horizontal band across the middle. The laptop's bezel is black, and there is a small black dot at the top center of the bezel, representing a camera. The laptop is open, and the screen is tilted slightly back.

**COMPUTERS**

# Tips for when you're stuck...

---

1. Ask 2 friends.
2. Ask an adult.
3. Try video tutorials on App Lab! Or “Remix” an app.
