

IVE Waiver Collaborative Meeting
September 21, 2016

Topic: Trauma in Child Welfare and Safety Organized Practice

Part One Discussion Questions:

- 1) How have you integrated or addressed Secondary Trauma in SOP practice strategies?
- 2) How has your county supported supervisor's around issues of Secondary Trauma?
- 3) How has your county supported social work staff around issues of Secondary Trauma?
- 4) How in case consultation and group supervision has addressing concerns of Secondary Trauma been integrated?
- 5) What steps can you county take to address issues of Secondary Trauma within your organization and SOP?

Part Two Discussion Questions:

- 1) How has staff been trained and coached in identifying and addressing trauma in children and families in child welfare?
- 2) How do social workers using the Three Houses address trauma with children? How were they trained/coached?
- 3) How has addressing trauma been integrated into the safety mapping, or information and consultation framework, and safety network process?
- 4) How does your county address trauma during times of removal? Prior, during and after for both children and caregivers?
- 5) How is trauma addressed during transitions for children? Visitation? Change in placement? Car ride? Other situations?
- 6) What strategies has your county used for training, coaching, and integration of trauma strategies in working with children and families?
