

Parent/Youth Consumer Partner Planning Phase General Skills
-Actively participate with the family and other team members in the development of the initial Child and Family Team Plan.
-Assist the team in making sure that the family's culture, beliefs, voice and choice is reflected in the final Child and Family Team Plan
-Support family voice and choice as being the on the forefront of discussion and planning
-Listen actively to the family and youth to truly understand what they are saying
-Create and maintain team safety ("No blame. No shame.")
-Assess team member satisfaction with the team process.
- Ensure all team members contribute and are active partners in the planning process.
-Checks in with families about their comfort level of sharing information
- Prior, during and after the interaction the Parent/Youth Partner checks in with the families regarding their feelings of being heard and understanding purpose and process of all interactions
-Review plans with family, ensuring the families voice, choice are leading the plan and written in a way that supports family friendly use.
