

# One-Pager Culminating Project

Throughout the unit, we will be focusing on several literary components. Your final project will be to create a one-pager demonstrating your understanding and application of these.

You will be given an 11x14 piece of white paper for this project. It is your responsibility to be creative and turn this plain piece of paper into an artistic representation of the novel.

The following **MUST** be included with your one-pager:

- Title and Author
- Key quotations from the novel (MLA citation required)
- Crucial themes and symbolism from the novel
- Leading characters from the novel and how they develop, change, and interact
- Author's style/tone/purpose for this novel
- Short summary of this novel written or attached to the back
- Both words and images that demonstrate the above required elements

You need to choose **ONE** of the following to include with your one-pager:

- Timeline of major events
- A poem and analysis that connects to the text
- A movie compare/contrast to the text
- Q & A about the novel
