

Practice The Trends

Choose one option below to practice comparing elements according to the trends of atomic radius, electronegativity, and ionization energy.

Option 1: Quizizz Game

Get 100% on this [Periodic Table Quizizz Review](#) of the Trends. You may attempt it as many times as you need.

Option 2: Schoology Quiz

Complete the [Schoology Practice Quiz](#). You may attempt it as many times as you need.

Option 3: Element War Card Game

Obtain a set of element and trend cards. With a partner play element war.

1. Distribute all the element cards equally and place them face down.
2. Maintain the trends cards in a pile face down.
3. Turn over a trend card. This will be the battle for the round.
4. Each player will turn over the top card in their pile.
5. As a pair, decide which element wins the battle. The player with the winning element takes both cards and places them at the bottom of their deck.
6. Repeat with a new trend.

You may use the [Interactive Periodic Table](#) to check your answers, but be working on figuring it out yourself.

Play for at least 20 minutes.
