Math: Geometric Concepts (Lines & Angles)

Single-Point Rubric

Concerns *Areas that Need Improvement*	Criteria *Standards for This Performance*	Advanced *Evidence of Exceeding Expectations*
	I can <u>identify and design lines, line segments, and rays</u> based upon their characteristics.	
	I can <u>generate angles</u> by joining two rays sharing a common endpoint	
	I can <u>categorize angles</u> as acute, obtuse, or right.	
	I can <u>analyze angle characteristics found around me</u> and justify them as acute, obtuse, or right.	
0-5 points	**5-9 points**	**9-10 points**
