I can code, You can code, Everyone can code!
Let's DO this!
Final Project Rubric

Standard/Skill	Becoming (1,2) Room for growth	Experienced (3,4) Proficiency demonstrated
I CAN solve basic story problems using equations (algorithms) in my coding and programming practices.		
I CAN sequence information to solve problems. I CAN select text to understand and solve problems.		
I CAN communication information I learned using a media format of my choice. I CAN use appropriate word choice to write in a format of my choice.		
I CAN practice safe and ethical behaviors when communicating and interacting with others digitally, such as sharing appropriate personal information and staying safe online I CAN use appropriate digital tools to complete projects.		
I CAN thoroughly express my learning through a chosen presentation platform.
